

6 WAYS TO KEEP YOUR VACUUM HEALTHY & HAPPY

Like us on Facebook!

Tips & Hints from the expert JEFF

- Change or have belt changed every 6 months
- Change bag when 3/4 full
- Empty cup on bagless vacuums after every use
- Keep roller free of long strands of hair and thread. Check this regularly
- Check filters every 3 months. Change as needed.
- Have vacuum serviced at least once a year by factory-trained technicians
